

ABOUT THE CREATOR

ALESSANDRO PIANO

Alessandro Piano is a Genoese artist who explores themes of identity, memory and inner transformation through sculpture and visual arts. His research stems from deep introspection and develops in the relationship between matter and soul: resin becomes a tool to give shape to what is not visible but can be felt.

His works combine fragility and expressive power, bringing to light what often remains hidden: emotions, wounds, layers of experience, which remain forever imprinted in the transparent resin.

His language is essential, direct and deeply human, welcoming, preserving and crystallising emotions, fragments of life and layers of experience.

Each work is the result of a process of transformation, in which the invisible takes shape and the inner becomes form.

ARTWORKS

ALTER EGO SCULPTURES

AlterEgos are the conceptual core of Alessandro Piano's work: sculpted figures representing parts of the human being, fragments of inner life, multiple and coexisting identities. Each AlterEgo is a silent presence that carries a story: masks that reveal rather than conceal, tools for dialogue with oneself and one's past.

AlterEgos become emotional mirrors for the observer, spaces for recognition and identification that pose universal questions about the meaning of existence, relationships and human vulnerability.

CANVAS, PRINT ON PET E DIBOND

Alter Ego Canvas: Some of the artist's works have been photographed in high definition and reinterpreted on canvas in special sizes.

Print on PET: The "Print on PET" prints from the Alter Ego series are produced on PET in limited editions (often 50x70 cm) with signature and serial number.

Dibond/Plexiglass: Made from rigid materials such as plexiglass or Dibond (aluminium composite), offering glossy finishes and a more sculptural effect.

LUXURY ART TOYS

Made of resin and all in limited series of 200 or 100 pieces.

WORKS IN COLLABORATION

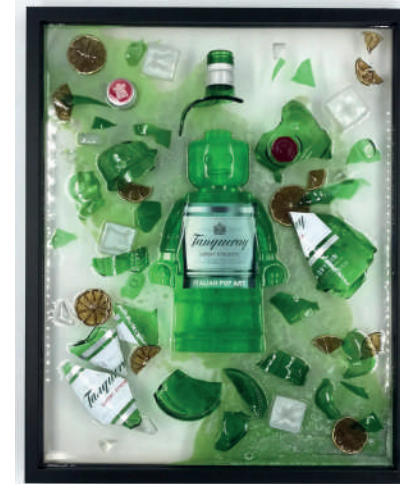

Over 80 artists from all over the world have joined forces with Alessandro to create a unique project of creative fusion.

The Alter Ego, his distinctive symbol, becomes a blank canvas on which they can express their own vision, reinterpreting it through different styles and techniques.

This gives rise to special collaborations that blend personalities, cultures and languages into a single iconic form.

ALTEREGO MAXI

The Alter Ego Maxi project is a special line created by Alessandro Piano designed for companies or organisations that wish to combine their corporate identity (logo, colours, values) with the language of contemporary art. These are large sculptures, approximately 1.70 metres high, made of fibreglass.

Each piece is customised with the company logo or image, thus becoming a tailor-made work of art that represents the company in an artistic and original way — for example, for exhibition spaces, events, showrooms or company headquarters

Alter Ego Big Fiaschetto is a special creation, measuring approximately 40 x 25 x 25 cm. Weight 3 kg - Can hold 1 or 2 bottles. Series of 20 pieces.

In addition to unique pieces, there is also the possibility of creating customised series, designed specifically for a particular gallery or developed on request, with Oscars featuring central inscriptions on the chest. This flexibility allows for the creation of tailor-made exhibition projects, while maintaining the consistency and identity of the artist's language.

The result is a body of work that moves between uniqueness and seriality, between artistic gesture and design, offering galleries the opportunity to present highly recognisable works that are also open to collaboration and customisation.

ALTEREGO; A WINDOW BETWEEN TWO WORLDS

Alessandro held his first exhibition in collaboration with Fondazione Carige from 7 June to 5 July 2025

A project for the community:

The exhibition promotes play as a universal language and a tool for cultural growth.

* Play/artistic rugs were donated to nursery schools in Genoa

* Two works were awarded through a social media competition open to everyone

You can explore the virtual exhibition at this link: <https://www.fondazione-carige.it/ale-piano-mostra/>
